The Company and the Institute agree as follows:

General

Preamble

The purpose of this Agreement is to establish and maintain a harmonious and mutually beneficial working relationship between the parties. In administering this Agreement, we will work together and exhibit mutual trust, understanding, sincerity, and co-operation. Should differences or misunderstandings occur, we will resolve them promptly through full and open discussions within the terms of our dispute resolution process.

We support and encourage policies and practices that reflect our commitment to: a safe, efficient and competitive world class nuclear science and technology business for the maximum benefit of Canada; professional excellence, employee job satisfaction and career development; fair and competitive terms and conditions of employment; employment equity; continuous improvement in quality and efficiency; and a safe and healthy working environment which is free from harassment and discrimination and which recognizes the full worth and integrity of all employees.

The parties recognize the encumbrance of bargaining unit positions by employees who do not possess the educational qualifications referenced above. Any such employees hired before 2010 April 15 shall remain unaffected by this clause.

Should the Company propose to hire an employee who does not possess the minimum qualifications of the position, that employee shall only be hired with written consent of the Institute.

1.03 The parties recognize that amendments to the terms and conditions of employment shall be by mutual consent.

1.04 The Company and the Institute agree that “students”, “casual employees”, “contract personnel” and “attached staff”, as defined in Article 7 (Non-Continuing Professional Personnel) shall not be included in the bargaining unit.

1.05 The parties recognize this Collective Agreement as outlining the terms and conditions of employment. Any additional monetary compensation shall only be provided through written consent of the Institute.

Institute and the Company will meet in advance to negotiate an Agreement respecting the maintenance of essential services, such as protection of Company property and the preservation of public safety.

Article 7 Non-Continuing Professional Personnel

7.01 Both parties recognize that situations may arise which result in peaking manpower demand, or requirements for special skills and expertise not otherwise available. Subject to the provisions of this article, the Company may continue to utilize from time to time Non-Continuing Professional Personnel as defined in Clause 7.02 and Clause 7.03 below.

7.02 The following categories of persons are not members of the bargaining unit:

- (a) A “student” is an employee who is hired on a part-time or short-term basis, either during the student’s normal vacation period or a work term to fulfill the student’s normal educational curriculum. A student who has completed or suspended the student’s course of training is excluded from this definition.
- (b) “Casual employees” are those employees hired on a casual roster for a period of twelve (12) months and are only paid for actual days worked. Casual employees will be eligible for up to one (1) month of continuous employment in this twelve (12) month period. Casual employees shall not work more than 800 hours in a twelve (12) month period.

- (e) “Reach Back personnel” are subject matter experts with specialized skills or knowledge that are not available within the CNL workforce and come from one of the parent companies. Assignments are for a duration of up to twenty-four months and for a specific scope, performing CRPEG work.

The number of Non-Continuing Professional Personnel and duration of assignment for, the categories specified in (b) (c), and (e) above shall not be exceeded without the written agreement of CRPEG. CRPEG shall not unreasonably withhold agreement. Requests for contract extension beyond the original duration shall require justification

from line management, review by HR, and approval by CRPEG. Disputes may be brought to JCC or “if grieved” filed at Step 2 in the dispute resolution procedure in accordance with Article 25.

7.03 The following categories of persons are members of the bargaining unit:

- (a) “Short-term employees” are employees hired to carry out term assignments of more than one (1) month but no more than six (6) months duration which require them to work thirty-seven and one-half (37 ½) hours or forty (40) hours per week as stipulated in this Agreement, and who cease to be employed when the jobs for which they were hired have been completed. An employee in this category is a member of the bargaining unit and is covered by the provisions of this Agreement with the exception of pension coverage, long term disability coverage and dental coverage in accordance with the document “Part-Time, Short-Term and Student Employees (Salaried) – Benefit Programs” (see Appendix A). 7.04 It is the intention of the parties that Non-Continuing Professional Personnel shall not be used in place of posting for a continuing or term position within the bargaining unit. To this end, the Company will notify, provide an explanation for, and participate in discussion with the President of the Chalk River Professional Employees Group as follows:

7.07 Non-Continuing Professional Personnel utilized in accordance with this article will cease to be employed when the specific duty or work term for which they were hired has been completed. Such individuals will be advised of the short-term nature of their employment.

The Chalk River Professional Employees Group (CRPEG) recognizes the employer's need to engage contracted services from time-to-time, as outlined in Article 7 of the CRPEG Collective Agreement. Article 11 Flexible Working Arrangements

Principles

11.01 The Company and the Institute recognize that the interests of the Company and of employees may be served by promoting flexibility in work hours to accommodate changes in work requirements, peak work demands and varying personal needs.

11.02 While the scheduling of time off with pay covered by accumulated aggregate time credits is subject to Company approval, management shall make every effort to grant an employee's request to use aggregate time and may only deny such a request

where it conflicts with operational requirements. Aggregate time may not be converted to payment in lieu at any time with the exception of termination or as provided in Clause 11.06.

Aggregate Hours (Alternate Work Schedules)

11.03 The parties recognize the advantages of flexibility in the administration of normal hours of work where safety, operational efficiency and cost effectiveness are not adversely affected. To this end, a day employee may work flexible hours as long as the total regular hours worked in the fiscal year are no less than nineteen hundred and fifty (1950) hours, and no more than two thousand and twenty five (2025) hours (seventy-five (75) hours in excess of the standard work year) subject to management approval. For shift workers the total regular hours worked in the fiscal year must be two thousand and eighty (2080) hours.

Requests for alternate work schedules, including flexible remote working arrangements, will not be unreasonably denied.

Accumulation of Aggregate Hours

11.04 Pursuant to the averaging agreement in Appendix B in addition to the normal work schedule, a day worker may elect to accumulate extra hours on a straight time basis to a maximum of seventy-five (75) hours as Aggregate Time. A shift worker may elect to accumulate extra hours on a straight time basis to a maximum of the equivalent of four (4) working shifts. The accumulation of such extra hours must be on productive work with the prior approval of management. Opportunities to accumulate Aggregate Time will not be unreasonably restricted.

Carry Over of Aggregate Hours

11.05 A day worker may carry over a maximum of seventy-five (75) hours of Aggregate Time from one fiscal year to the next. Any Aggregate Time in excess of seventy-five (75) hours not taken by March 31st is forfeit. It is the responsibility of the employee to consult with their manager to schedule opportunities to utilize the time. It is the responsibility of the manager to work with the employee's schedule to allow the time to be used. If the manager is unwilling, or operationally unable, to allow the employee to utilize the time, any aggregate time in excess of seventy-five (75) hours remaining on March 31st will be paid at time and one half.

11.06 A shift worker, or any employee working a forty (40) hour average schedule may not carry over any Aggregate Time from one fiscal year to the next. Any Aggregate

Time not taken by March 31st is forfeit. It is the responsibility of the shift employee to consult with their manager to schedule opportunities to utilize the time. It is the responsibility of the manager to work with the employee's schedule to allow the time to be used. If the manager is unwilling, or operationally unable, to allow the employee to utilize the time, any Aggregate Time remaining on March. 31st will be paid at time and one half.

Article 12 Overtime

Principles

12.01 Management will not compel employees to use Aggregate Time as a substitute for scheduled overtime. However, subject to Clause 9.04, an employee who is entitled to monetary compensation under this article for hours worked will have the option of crediting any or all of such hours to Aggregate Time at the applicable overtime rate for actual hours worked. Any hours over the seventy-five (75) hour limit shall be taken as pay at the applicable overtime rate.

 - (i) time and one-half (1.5) for all time worked on the employee's first day of rest; and

While the employee receives maternity benefit under Employment Insurance, the Company will provide a supplement to the maternity benefit equal to the difference between the weekly maternity benefit and 93% of the employee's normal weekly salary.

(b) Supplementary Benefit to Parental Leave

The Company will provide a supplement to the EI parental benefit to those employees who are eligible for parental leave under the provisions of the Company procedure (see Appendix A) and who qualify for EI parental benefits while they are receiving parental benefits. In order to be eligible to receive and retain the Supplementary Benefit, the employee must return to work for a period of at least six months following the approved leave period. If the employee terminates prior to completing the full six months, the Supplementary Benefit must be paid back on a pro-rated basis.

Three options are available for receiving parental benefits: shortened, standard or extended. Employees must select their option prior to commencing their leave.

- (i) For the standard option, the Company will pay an amount equal to the difference between the EI weekly parental benefit and 75% of the employee's normal weekly salary, for a period up to 35 weeks. This option requires the selection of the standard EI parental benefit.
- (ii) For the extended option, the Company will pay the equivalent of the amount calculated under the standard option, but spread over the 61 week period. This option requires the selection of the extended EI parental benefit.
- (iii) For the shortened option, the Company will pay an amount equal to the difference between the EI weekly parental benefit and 93% of the

employee's normal weekly salary, for a period up to 26 weeks. This option requires the selection of the standard EI parental benefit.

Where an employee takes parental leave (shortened, extended, or standard) and not maternity leave, and is required to satisfy a one week waiting period immediately prior to receiving EI benefits, he or she shall be eligible to receive one additional week of leave at the end of his or her parental leave during which the company will pay the employee an amount equal to ninety-three percent (93%) of the employee's normal weekly salary that was in effect at the time the parental leave commenced.

Article 20 Workforce Adjustment Process

Advance Notice and Alternatives to Lay-Off

20.01

- (a) The Company and the Institute recognize that program decisions and business or economic factors may require adjustments in the number of professional science and engineering positions. In such situations, the Company will advise the President of the Chalk River Professional Employees Group concerning an anticipated workforce adjustment as far in advance as possible of written notification of lay-offs, but in no event less than two (2) weeks in advance. The Company and the Institute agree to work

- together to identify options for minimizing the impact of the workforce adjustment on affected employees, including opportunities for redeployment, retraining, work-sharing and voluntary substitution. At a minimum, upon receipt of the advance notification of layoffs, the Company and CRPEG shall meet and review the list of current vacancies with respect to redeployment of affected employees.
- (b) Employees seconded to a project outside of their home Division (or equivalent) will be considered as part of the Division (or equivalent) for any lay-off decisions. If agreement on the VTP is not reached, the Company will offer the minimum outlined below. Under the VTP, an employee may apply to voluntarily terminate their employment. The company shall have the sole discretion to accept or decline the application. Employees accepted for the VTP waive all recall rights and may not grieve their termination.

20.02

- (a) Subject to Sub-clause 20.02(b), knowledge, skill and ability related to the remaining work of a Division (or equivalent) will be the deciding factors in the determination of those employees to be given a written notice of lay-off in a workforce adjustment situation. A copy of the knowledge, skill and ability assessment will be provided to the Institute with the initial notification under Sub-clause 20.01(a).
- (b) Among the employees affected by an anticipated workforce adjustment, a continuing employee will be retained in preference to a non-continuing

employee or contract personnel provided the continuing employee is capable of performing the necessary work within a reasonable period of time.

- (c) Unless otherwise provided for in the Canada Labour Code, a continuing employee designated for layoff will be provided as much advance notice as possible, but in no case less than sixteen (16) weeks of written notice prior to the effective termination date. A term employee designated for layoff will be provided as much advance notice as possible, but in no case less than two (2) weeks of written notice prior to the effective termination date. A copy of the employee's written notice shall be simultaneously provided to the President of the Chalk River Professional Group.
- (d) Once issued the notice of layoff referred to in (c) above shall not be rescinded without consent of the employee.
- (e) At the employee's discretion, employment may be terminated prior to the expiration of the notice period referred to in (c) above without affecting any termination entitlements. In this circumstance the employee will not receive remuneration for the portion of the notice period not worked.
- (f) An employee may receive equivalent pay in lieu of written notice of lay-off under this article. Such pay shall be supplemented by fifteen percent (15%) in lieu of benefits.

20.03 An employee in a funded position may apply for voluntary substitution with an employee who is in receipt of a lay-off notice. The Manager in whose branch the funded position resides will be responsible to determine whether to allow the substitution based on knowledge, skill and ability to do the remaining work, and other bona fide business considerations. The Institute shall issue a call for expression of interest in voluntary substitution when the notice of layoff has been received under Sub-clause 20.01(a) is provided to employees.

Redeployment

The Committee shall review the current and planned future vacancies and will make decisions for redeployment of affected employees.

- (a) Affected employees will be required to submit a comprehensive resume to the Redeployment Committee outlining the employee's knowledge, skill and abilities. The resume should normally be submitted to the committee within one (1) month of receiving a layoff notice.

- (b) The Redeployment Committee will make a reasonable effort to match vacancies and affected employees based on knowledge, skill and ability.

In the case of an employee who has been laid-off, this provision will remain in effect for a time period equal to the period of continuous service but not to exceed twenty-four (24) months following the effective date of lay-off.

20.05 Redeployment pursuant to Clause 20.01 or 20.04 shall be contingent on the knowledge, skill and ability of the employee to meet the essential requirements for, and substantially perform identified work within a period of six (6) months or longer as may be mutually agreed.

20.06 The offer of redeployment may be at a classification lower than that of the affected employee. Employees redeployed to another position pursuant to this article shall receive the rate of pay of their former position. When an employee's classification prior to redeployment is CSE 5 or CSE 6, and when the employee's salary exceeds the CSE 4 Maximum Salary, the employee's salary may, at the Manager's discretion, be held constant (no merit or scale increase) until the CSE 4 Maximum Salary exceeds the employee's salary.

20.07 An employee who has been redeployed will begin a familiarization period. During the first six (6) months, an employee who is placed in a position in accordance with this article will be allowed a reasonable familiarization period to perform the job. During this period, the employee will be given the goals and expectations for the position, as set out in the job description. 20.08 Request for Assessment

Within four (4) weeks of having received a lay-off notice in accordance with Clause 20.02, the affected employee may request an assessment of his/her knowledge, skill and ability in one other Division (or equivalent) chosen by the employee. The assessment will be against the remaining work performed by employees in the bargaining unit at the same or lower classification level in that Division (or equivalent). A copy of the knowledge, skill and ability assessment will be provided to the institute.

If the employee in receipt of a lay-off notice is found to have superior knowledge, skill and ability to a current employee in that Division (or equivalent), then the employee in receipt of the lay-off notice will replace that employee.

With the exception of CSE 5 or CSE 6, the employee will retain the rate of pay of the employee's former position. When an employee's classification prior to transfer is CSE 5 or CSE 6, and when the employee's salary exceeds the CSE 4 Maximum Salary, the employee's salary may, at the Manager's discretion, be held constant (no merit or scale increase) until the CSE 4 Maximum Salary exceeds the employee's salary.

The displaced employee will receive a lay-off notice, and will be eligible for all provisions of Article 20.

If the employee in receipt of the original lay-off notice is found not to have superior knowledge, skill and ability to a current employee in that Division (or equivalent), then the lay-off will proceed as per Clause 20.09.

20.09 Where an employee cannot be redeployed as per the provisions of this article, or either does not use, or is unsuccessful under the provisions of Clause 20.08, the employee shall be laid off on the effective date referenced in the notice letter and compensated as per Clause 36.05 (Lay-off) in one of the following ways:

25.01 Consistent with the preamble to this Agreement, the Company and the Institute share a desire to resolve disputes or disagreements wherever possible through a co-operative process characterized by prompt and open discussion and creative problem-solving. To this end, the following dispute resolution procedures shall apply.

Complaint Stage

25.02

- (a) Where a dispute or disagreement arises between an employee(s) and management, the individuals involved shall meet as soon as possible (normally within ten (10) days of the occurrence which gives rise to the dispute or disagreement) to explore the possibility of resolving the matter without recourse to subsequent steps in this dispute resolution procedure. Representatives of the Company and the Institute shall only attend the meeting where special circumstances exist. Where the meeting does not

resolve the dispute or misunderstanding, or where ten (10) days have elapsed since the matter was first brought to the Manager's attention for the purpose of seeking resolution, the matter may be dealt with directly under Clause 25.03.

- (b) Where special circumstances suggest that an employee-management meeting may not contribute to the resolution of a dispute or disagreement, or in a case of discipline, the Company and the Institute may agree to refer the matter to Step 1.

Step 1

25.03 An employee may file a written grievance with his/her Manager within twenty (20) days after the grievor knew or ought to have known of the occurrence that is the basis of the grievance.

A Step 1 grievance meeting shall be held within ten (10) days of receipt of the grievance and a written decision issued within five (5) days of the meeting.

Step 2

25.04 The employee, or the Institute on the employee's behalf, may refer the grievance to Step 2 within five (5) days of the Step 1 response. If a response is not received by fifteen (15) days following referral to Step 1, the grievance may be referred to the Employee Relations Specialist or designate for Step 2.

A Step 2 meeting shall be held within fifteen (15) days of the referral and a written decision issued by the Company within five (5) days of the meeting. If the Institute has not notified the Employer of its intent to refer the matter to arbitration within thirty (30) days following the response, the grievance shall be considered as settled.

Administration

25.05

- (a) The word "days" as used in this article and for purposes of Article 26 (Arbitration) excludes Saturdays, Sundays and Company holidays.
- (b) Grievance forms shall be provided by the Company. A grievance shall not be deemed to be invalid by reason only of the fact that it is not in accordance with the form supplied by the Company. After final disposition of a grievance is effected, the Company and the Institute shall retain a copy.

- (c) Any time limits specified in this article may be extended by mutual agreement between the Institute and the Company.

Definition of Employee Grievance

Company or Institute Dispute

25.07

(a) Company Dispute

The Company may meet with the Institute to discuss any dispute with respect to the conduct of the Institute. If such a dispute is not settled to the mutual satisfaction of the parties, it may be treated as a grievance and, if unresolved, referred to arbitration.

(b) Institute Dispute

Any dispute between the Institute and the Company may be the subject of a grievance in accordance with the provisions of Article 25 and Article 26. In addition to acting on its own behalf, the Institute may initiate this process because of the inability or refusal of an employee to submit a grievance or because the matter affects a group of employees.

- (c) Company and Institute disputes shall be filed at Step 2. All time limits contained within this article apply including a requirement to file the grievance within twenty (20) days after the party knew or ought to have known of the occurrence which is the basis of the grievance.

25.08 Discharge or layoff grievances shall be referred directly to Step 2 of the Dispute Resolution process. No case of discharge or lay off shall be entitled to

consideration at a grievance hearing unless filed as a grievance within twenty (20) days after the employee has been notified in writing of the discharge or lay off and the President of the Chalk River Professional Employees Group so advised.

Mediation

25.09 The parties acknowledge the benefit of resolving disputes through mediation and therefore agree to meet, upon request from either party, to discuss the submission of grievances to organization(s) specializing in grievance mediation, as a potential means to avoid arbitration.

Article 26 Arbitration

26.01 Within twenty (20) days after the final response to a grievance has been given as provided for in Clause 25.04 (Dispute Resolution Procedure), or forty (40) days following referral to Step 2, the matter may be submitted to arbitration. Where notice of arbitration has not been given within 40 days of final responses, the grievance will be deemed to be abandoned. In a case against the Company, the notice of arbitration shall be given to Employee Relations, and in a case against the Institute, to the President of the Chalk River Professional Employees Group.

26.02 The matter to be arbitrated shall be confined to the issue raised in the original grievance.

26.03 Within ten (10) days after notice of arbitration has been served in accordance with Clause 26.01, an arbitrator shall be selected by mutual consent. The following provisions shall govern the selection of the arbitrator unless the parties mutually agree otherwise:

- (a) Any arbitrator not able to hear the grievance within ninety (90) days of the grievance's referral to arbitration will be bypassed.

26.04 The cost of the services of the arbitrator and other incidental costs related directly to the arbitration proceeding shall be borne equally by both parties.

26.05 The decision of the arbitrator shall be final and binding on all parties concerned.

26.06 The arbitrator shall have no power to add to nor subtract from nor to modify the terms of this Agreement or any Agreement made supplementary hereto, and shall render a decision not inconsistent with the terms of this Agreement.

26.07 LTD and Arbitration

The Union will not substitute filing of a grievance for an incomplete LTD application submitted to the insurance carrier or for using and participating in the insurance carrier's appeal process and dispute resolution mechanisms. The grievance process is to be the last recourse for disputes.

26.08 Expedited Arbitration

The Parties agree that any grievance may be referred to the following Expedited Arbitration process:

- (a) At the request of either Party, a grievance that has been referred to arbitration pursuant to Article 26 of this Agreement may be resolved through expedited arbitration with the consent of both Parties.
- (b) Within five (5) business days of such mutual consent the Parties will agree on an arbitrator from a list maintained for that purpose. Should the Parties be unable to agree, the arbitrator will be the arbitrator with the earliest availability.
- (c) Following the selection of the arbitrator and notice to the arbitrator by the Parties of their intent to pursue expedited arbitration, the Parties may proceed to arbitration with or without an agreed statement of facts. Should the Parties create an agreed statement of facts it will be submitted to the arbitrator at least forty-eight (48) hours prior to the start of the hearing.
- (d) No witnesses will testify in an expedited arbitration proceeding.
- (e) Should the Parties be unable to arrive at an agreed statement of facts, it will be the burden of each Party to establish any relevant facts.
- (f) The parties may agree to a hearing by written submission only in which case evidence and supporting documentation may be made electronically or by mail.
- (g) Should the Parties agree to present evidence to the arbitrator at a hearing the arbitrator will render an oral decision which will be recorded and initialed by the representatives of the Parties who are present at the hearing. Such oral decision will be confirmed by the arbitrator in writing within five (5) business days of the hearing. The Parties may, at the request of the arbitrator or by mutual written agreement, vary the provisions of this section.

- (h) Should the Parties agree that their presence at a hearing is not necessary, the arbitrator will render a written decision on the grievance within seven (7) business days of the date on which submissions of evidence were due.
- (i) The arbitrator's decision will be final and binding on the Parties and the Parties agree that expedited arbitration decisions will not be appealed.
- (j) The parties will agree at the outset of the process whether the arbitrator's decision will be with or without precedent.
- (k) Costs related to the Expedited Arbitration Process will be in accordance with Clause 26.04.
- (l) Should the Expedited Arbitration Process be incomplete because of a problem with the process, the grievance will revert to the regular arbitration process under Clause 26.01.

Article 27 Employee Files

27.01 Upon request of an employee, the personnel file of the employee shall be made available for review in the presence of a Human Resources representative.

27.02 When a report pertaining to an employee's performance or conduct is placed on a personnel file, the employee concerned shall be given an opportunity to sign the report in question to indicate that its contents have been read, and shall be given a copy.

27.03 Disciplinary notations will be removed from an employee's file after a period of two (2) years provided that no occurrence of a similar nature has taken place over this time. Disciplinary notations removed from an employee's file will be returned to the employee for disposal and will not form the basis for any subsequent disciplinary action.

28.02 An Enhanced Reliability Status or Security Clearance may be revoked or revised based on new information. Where this action results in the Company revoking

an employee's reliability status or detrimentally changing a security designation, the employee and the President of the Chalk River Professional Employees Group shall be notified in writing of such action. The notice shall disclose the reasons for the Company's action to the fullest extent permissible by law and shall inform the employee of the applicable rights of review and redress.

28.03 Wherever possible, consideration must be given to the reassignment of an affected employee to a position consistent with the employee's new reliability or security designation. The employee shall be provided a copy of the performance appraisal at the time it is signed by the employee.

30.04 The Company will consult the Institute prior to the implementation of any substantive changes in the performance review system.

(b) Salary Adjustments

(i) Employees will have their base salary increased as follows:

- Effective 2021 July 01 – 3.5%
- Effective 2022 July 01 – 3.5% and

- Effective 2023 July 01 – 3.5%
 - Increases will be rounded to the nearest \$100
- (ii) The hourly rate of pay will be determined by dividing the appropriate annual salary by 1950 or in the case of an employee whose salary is determined under Sub-clause 13.07(a) by dividing the annual salary by 2080.
 - (iii) Where the increase that would be awarded is restricted by the top of a range and promotion is not warranted, the employee's salary will be increased to the top of the range and the balance paid as a lump sum to the individual.
 - (iv) Employees covered by Clause 9.04, the maximum level of each salary range will be administratively increased to allow for the 6.67% increase in salary. No promotions or progressions will occur as a result of the conversion to a forty (40) hour week.

35.02 Salary Administration of New Hires & Recent Graduates Salary

Administration of New Hires

New employees (other than Recent Graduates) will be entitled to grade adjustments that occur subsequent to the date of hire except where the Company's offer to hire indicates that the salary includes a known or anticipated grade adjustment. Further, such employees will have their salaries reviewed immediately following the probation period. The salary review of each such new employee will be relative to the salaries being paid to others doing work at a comparable level of responsibility, duties and experience, and will be increased if appropriate. The result of this review will be communicated in writing to the member and the president of the bargaining unit within thirty (30) days of the end of the probation period. Refer to Article 8 under notifications.

Salary Administration of Recent Graduates

Employees hired on the basis of recently attained educational qualifications recognized by the Company, will be paid during the calendar year in which they were hired at rates determined by the Company. These rates will be separate from and not subject to the general increases applying to the normal salary ranges. The salary of each such employee will be reviewed in the next calendar year effective on the January 1 and July 1 dates following hire.

35.03 Administration of Merit Increases

- (a) In each year, an employee's merit pay is based on their performance review.
- (i) The Company will distribute merit as per the performance pay grid below, which is based on reviews which have been conducted under the merit administration system:

Step Value Table

		2021 July 01	2022 July 01	2023 July 01
Level	#steps	Merit step value	Merit step value	Merit step value
CSE 1	3	4200	4400	4500
CSE 2	5	4200	4400	4500
CSE 3	5	3400	3500	3600
CSE 4	12*	2300*	2400*	2500*
CSE 5		2300*	2400*	2500*
CSE 6		2300*	2400*	2500*

*** merit increases for CSE5 & CSE6 for 2021, 2022 and 2023 shall be no less than the corresponding merit increase for CSE4.**

- (ii) The Step Value is calculated using the salary ranges in effect on June 30 each year for each CSE level.

The formula for calculating the Step Value, which is then rounded to the nearest \$100, is as follows:

$$\frac{\text{CSE Level Range maximum} - \text{CSE Level Range minimum}}{\text{Number of Steps}}$$

- (b) Merit pay increase will be based on the Multiplier Table below.

Step Multiplier Table

Level	U	MMR	FMR	ER	O
CSE 1	—	0.40	1.00	1.25	1.50
CSE 2	—	0.30	1.00	1.25	1.50
CSE 3	—	0.20	1.00	1.25	1.50
CSE 4	—	0.20	1.00	1.25	1.50
CSE 5	—	0.20	1.00	1.25	1.50
CSE 6	—	0.20	1.00	1.25	1.50

Merit pay will be calculated annually based on the Step Multiplier Table above, rounded to the nearest \$100, for those eligible for merit.

At its discretion, the Employer may reward employees whose performance significantly exceeds expectations with increases over and above those established under the merit provisions.

The assumed distribution of merit is based on the following distribution guideline:

Unsatisfactory	2%
Meets Most Requirements	6%
Fully Meets Requirements	67%
Exceeds Requirements	20%
Outstanding	5%

The above guideline is an estimate only and does not presuppose a predetermined performance distribution. The percentage of bargaining unit members in the “Unsatisfactory” and “Meets Most Requirements” categories are maximum percentages for each specific year for the duration of this Agreement.

- (c) Where the merit payment would move the employee’s salary beyond the range maximum and promotion is not warranted, the employee’s salary will be increased to the maximum and the balance will be paid as performance bonus in the form of a pensionable lump sum.

- (d) Salaries will be administered within each grade on a merit basis with the Maximum in each CSE grade representing the salary to be paid for fully accomplished performance (standard or normal for the grade) over time. All employees who have completed their probationary period are eligible for a merit increase.
- (e) Merit increases for employees will be determined by their position on the merit grid. An employee's position on the grid will be determined by the following criteria:
 - (i) performance rating as determined by their annual performance review as per Article 30;
 - (ii) the CSE classification of the employee;
- (f) Employees who have not had their performance review communicated to them verbally or in writing prior to the salary review will not receive less than the minimum for Fully Meets Requirements.
- (g) The decision to award an employee a merit increase less than the merit grid as per Sub-clauses 35.03(a) and (b) is at the discretion of the Company but will be subject to the following:
 - (i) Merit will not be withheld because the employees have been assigned work normally done by employees at a lower CSE level unless the employees assigned such work have demonstrated inability to perform at the grade level in which they are classified;
 - (ii) Employees on approved job-related leave without pay, or recalled after lay-off, will normally be credited with salary adjustment(s) equal to the grade adjustment.

Employees will not have their normal merit allocation pro-rated due to maternity and/or childcare leave.

Article 36 Termination Compensation

General

36.01 Except as herein provided, the provisions of the Company policy Compensation on Termination, Retirement or Death (see Appendix A) shall apply and shall be deemed to form part of this Agreement.

36.02 Within two (2) weeks after termination, an employee will be compensated for all earned but unused vacation leave, personal business days, floating holidays and furlough leave. All leave used in excess of that earned will be recovered.

Notwithstanding the above, if the termination is due to death, disability or layoff, and if the employee has used more vacation leave, sick leave or floating Company holidays than the employee has earned, then the amount used will be considered to have been earned. This exception does not apply to days used in excess of earned entitlements after notification of lay-off; such days will be recovered. If the termination is due to death, aggregate time credits up to the maximum provided for in this Collective Agreement will be paid out.

Aggregate Time

36.03 In the case of death or voluntary resignation, any unused aggregate time will be paid at the employee's regular rate of pay to a maximum of seventy-five (75) hours.

In the case of involuntary termination, any unused aggregate time will be paid as follows:

- (a) For day workers: For each week of the fiscal year worked, two and a half (2.5) hours of aggregate time will be paid at the employee's regular rate of pay, any additional aggregate hours will be paid at one and a half times the employee's regular rate of pay, to a maximum of seventy-five (75) hours.
- (b) A shift worker, or any employee working a forty (40) hour average schedule, will have all aggregate hours paid at one and a half times their regular rate of pay.

Death

36.04 Following the death of an employee, the employee's estate will be paid a death benefit equal to one (1) week's pay per completed year of continuous service, less any period in respect of which the employee previously received termination compensation, with a minimum of two (2) week's pay and a maximum of thirty (30) week's pay.

Layoff

36.05

- (a) An employee who has one (1) year or more of continuous service and is laid off will be paid an amount equal to:

- (i) four (4) weeks' pay for each completed year of continuous service from the first (1st) to the fifth (5th) year;
- (ii) three (3) weeks' pay for each completed year of continuous service from the sixth (6th) to the tenth (10th) year; and
- (iii) two (2) weeks' pay for each completed year of continuous service beyond the tenth (10th) year;
- (iv) to a maximum of 52 weeks.

The maximum compensation payable under Clause 36.05 (notice plus termination compensation) is a combined maximum entitlement of sixty eight (68) weeks' pay.

The Termination Compensation entitlement will be reduced by the number of weeks of termination compensation previously paid to the employee for any period of the employee's continuous service (e.g. such as that paid out under Clause 36.06 – Elimination of the Voluntary Termination Compensation).

Employees who had accumulated a combined notice and severance entitlement greater than sixty (68) weeks' pay inclusive prior to 2015 July 08 shall be grandfathered at their entitlement as of that date. Employees can choose to have their payment in the form of a lump sum payment or in salary continuance.

- (b) Affected employees can choose to receive their severance payment in the following manner:
 - (i) lump sum amount plus fifteen percent (15%) premium in lieu of continuing their health, dental, insurance and pension benefits; or

CNL shall continue to contribute to such plans and the employee share of the contribution will be deducted from their bi-weekly pay.
 - (ii) Should an employee obtain alternate employment prior to the end of the Salary Continuance Period, he or she must inform CNL. Upon the commencement of the alternate employment (the "Commencement of Alternate Employment Date"), the Salary Continuance Period payments will end and the employee will be paid a lump sum

equivalent to one hundred percent (100%) of the monies that would have been owed for the remainder of the Salary Continuance Period (including 15% in lieu of benefits on the remainder of the period), less statutory or other applicable deductions. On the Commencement of Alternate Employment Date, the employee's benefits and pension pursuant to Sub-sub-clause 36.05(c)(i) will cease.

- (iii) "Salary Continuance Period" will end on the date the termination compensation entitlement has been paid out in full.
- (iv) "Alternate Employment" means any and all income or compensation earned or received under a contract of service, self-employment, and/or contract for service from which the employee earns eighty percent (80%) of his or her pre-termination wages.
- (v) Payments pursuant to Sub-clause 36.05(a) shall be deemed to be inclusive of entitlements to notice and severance pursuant to the Canada Labour Code. PARTICIPATION AGREEMENT

BETWEEN

**Canadian Nuclear Laboratories Ltd.,
(the "Employer")**

-AND-

**Canadian Energy and Related Industries Pension Plan
by its Trustees
(the "Trustees")**

In consideration of the Employer becoming a participating employer in the Canadian Energy and Related Industries Pension Plan (the "Plan") effective January 1 2017 by making contributions to the Plan in accordance with the collective agreements between the Employer and the relevant union (the "Union(s)") representing the employees of the Employer covered by a collective agreement and who are eligible to participate in the Plan (the "Collective Agreement(s)"), and in further consideration of the Trustees making benefits available to such employees of the Employer on whose behalf the contributions are being made, the parties agree as follows:

1. The Employer shall make contributions to the Plan in accordance with the then current and valid terms of the Collective Agreement(s) failing which the Trustees or the appropriate Union(s) may take action to collect such amounts owing pursuant to the grievance and arbitration procedures under the relevant Collective Agreement(s) or in any other forum having jurisdiction to do so, including collection of reasonable interest, reasonable liquidated damages and reasonable costs in accordance with the provisions of this Participation Agreement.
2. The Employer acknowledges the right and obligation of the Trustees to administer the Fund and provide benefits in accordance with the Declaration of Trust.
3. Notwithstanding the provisions of paragraph 2 of this Participation Agreement, the financial obligations of the Employer shall in no event exceed the obligation to make contributions as set out in the Collective Agreements.
4. The Employer has no obligation to provide the benefits established by the Plan beyond the obligation to make contributions pursuant to the Collective Agreements. In the event that at any time the Plan does not have sufficient assets to permit continued payments under the Plan, nothing contained in the Collective Agreements, Plan or this Participation Agreement or the Declaration of Trust shall be construed as obligating the

Employer to make contributions other than the contributions for which the Employer is obligated by the Collective Agreements. It is understood that there shall be no liability upon the Employer, Union or Trustees to provide the benefits established by this Pension Plan if the Plan does not have sufficient assets to make such benefit payments and that the Trustees have the authority to amend benefits, if necessary or advisable.

5. The Trustees will provide to the Employer, upon request, a copy of the Declaration of Trust and of any subsequent amendments as they are made. The Trustees will provide to the Employer, upon request, a copy of the pension plan text and any subsequent amendment as they are made.

6. Subject to applicable law, the Employer agrees to provide to the Administrator of the Plan, on a timely basis the specific information, which the Administrator may reasonably require in order to properly record and credit contributions and administer pension benefits, including, but not limited to any such information required pursuant to the Pension Benefits Standards Act, 1985, c 32 (2nd Supp), as amended, and /or the Income Tax Act RSC 1985, c 1 (5th Supp), as amended.

7. For greater certainty and notwithstanding any provision to the contrary in this Participation Agreement, the Plan, The Trustees, the Union and the Employer agree that the Employer's financial obligations to the Plan shall in no event exceed its obligations to make contributions to the Plan in accordance with the terms of the applicable collective agreement, or an applicable participation agreement should the Employer contribute on behalf of employees whose terms and conditions are not subject to a collective agreement, plus any reasonable interest charges, damages or collection costs which the Employer owes to the Plan, pursuant to the terms of Agreement and Declaration of Trust, due to delinquency in making such contributions.

8. For greater certainty and notwithstanding any provision to the contrary in this Participation Agreement or the Plan, the Trustees, the Union and the Employer agree that under current applicable pension legislation and the regulations thereunder, the Employer is not required to fund any funding shortfall of the Plan no matter how or when created or to which members of the Plan the funding shortfall may reasonably be said to relate. The Trustees, the Union and the Employer further agree that should:

- (i) applicable legislation and/or the regulations thereunder be amended to obligate the Employer to contribute amounts in excess of the amounts required by the applicable collective agreements or participation agreements then in force,
- (ii) the Plan become or be deemed to become a defined benefit pension plan, as contemplated under applicable legislation and/or the regulations thereunder, or
- (iii) the Plan is no longer a defined contribution pension plan or a "negotiated contribution plan" as defined under applicable legislation and/or the regulations thereunder, or a target benefit plan as that term may then be contemplated by applicable legislation and/or the regulations thereunder,

January 10, 2017

then Employer shall immediately cease participating in the Plan, without prior notice to the Trustees or the Union (although the Employer shall subsequently notify the Trustees and the Union), on, and effective as of, immediately prior to the time that such triggering event occurred, in which case the Employer shall have no further economic commitment to the Plan and shall have no obligation to provide the benefits established by the Plan but shall, for greater certainty and clarity, remain solely obligated to make contributions to this Plan or such new plan as may be determined by the parties to the collective agreement in the amounts required by the applicable collective agreement(s) or participation agreement(s) then in force.

IN WITNESS WHEREOF the parties have executed this Agreement.

Appendix G Guidance for the Joint Consultation Sub-Committee on C&PD

The following text provides guidance to facilitate the preparation, budgeting and tracking of Career and Professional Development (C&PD) plans for CRPEG members at the Branch level. This does not apply to the operational training budget, but only to C&PD training costs, as referred to in Article 31 of the CRPEG Collective Agreement.

Preparation of C&PD Plan

- C&PD Plans should be developed and documented for all CRPEG employees and should cover a minimum of 3 years.
- Each branch manager, in consultation with the CRPEG employee, should prepare a C&PD plan for the employee. While development of a C&PD plan is encouraged, employees may opt out of developing a plan. The Performance Appraisal Form will be used to document this decision, this is for recording purposes only.
- As detailed in Clause 31.03 of the CRPEG Collective Agreement, the parties recognize that career and professional development opportunities must be designed to meet the individual and company requirements and may take many forms including, but not limited to, the following:
 - Developmental job assignments, such as:
 - Term job assignments
 - Spending time observing an operations shift
 - Secondment to support a specific project / research assignment
 - Supporting writing journal / conference papers
 - Temporary appointment to Acting Manager position
 - External attachments to other organizations
 - Self-directed learning, such as:
 - Reading journal articles
 - Reading and comparing ASTM standards
 - Reviewing course material on [MIT OpenCourseWare](#) (massive online open courses)
 - Learning or enhancing skill in a new language

- Scheduled knowledge-sharing with a senior employee (mentoring type of relationship)
 - Attendance at conferences, conventions, courses and workshops
 - Education and sabbatical leave
- C&PD plans should contain, as a minimum, a description of the development opportunity, registration fees, estimated travel costs and hours to be charged against C&PD.
- C&PD plans should be reviewed and updated, as necessary, on an annual basis.

Budgeting of C&PD Plans

- The branch manager should develop a “Branch” C&PD Plan.
- The branch manager should identify the funding source for C&PD and confirm funding availability.
- The funding source must cover total costs; including the registration fees, travel costs, and chargeable hours for the branch C&PD Plan.
- The branch manager should balance the branch C&PD budget to plan, over a rolling 3 year time period.
- The branch manager should ensure that travel plans are coordinated with C&PD plans, and that the overall branch travel plans clearly indicate whether a particular item is C&PD.

Finalising the C&PD Plan

- On confirming the budget is balanced to the branch C&PD plan, and a positive review of the branch plan for fairness and equitability, individual C&PD plans can be recognize and confirmed by the manager and presented to the employee.
- Once an individual employee has an approved C&PD plan, the employee can initiate the process for approval to register for the development opportunity and the associated travel.

Review and Progress against the Plan

- C&PD progress shall be reported to the JCC on a quarterly basis
- The responsible manager should review the C&PD progress to plan with the employee at their 6-month coaching and feedback

Fairness and Equitability

- The branch manager should review the branch C&PD plan to ensure that, as best as possible, all CRPEG branch employees have equal access to C&PD.
- In instances where C&PD costs for an employee are substantial for a given year, it will be recognized that this may affect additional opportunities for C&PD for that employee within the 3 year time period.

CRPEG Job Posting Template Standard Language Addition

Additional language to be included on term CRPEG job postings as a standard option within the CRL job posting template (not to be included in the collective agreement):

If a current CRPEG member is selected for this term assignment, up to five percent of the employee's salary for the duration of the term assignment may be considered as a developmental job assignment (secondment) within the Career & Professional Development guidelines. Under these circumstances, individuals would return to their home division upon completion of the term assignment.

Appendix H Canada Labour Code Sick Leave Provision

In the event of changes to the Canada Labour Code sick leave provisions, there would be no change to the sick leave accrual as described in Article 17; however, should the new sick leave provisions in the Canada Labour Code change the employee's ability to use a Personal Leave Canada Labour Code Day for personal sick day, the Company would make the appropriate adjustment in the draw down application.

The parties agree to negotiate changes to the Sick Leave language in this collective agreement in accordance with the sick leave changes proposed in the Canada Labour Code. The updated collective agreement language will be finalized within 60 days of the enacted changes in the Canada Labour Code, with any additional employee benefits being retroactive to the date of enactment.

The Company and CRPEG will meet to review the changes and agree on the implementation of the new law.

Self-Funded Deferred Leave Program

Definition / Description

Self-Funded Deferred Leave (SFDL) allows employees to defer up to 33⅓% of their gross salary or wages in order to fund a period of absence from their work and return to their regular employment at the expiration of the leave. The salary deferred will be deposited in a trust account with a financial institution (approved by Revenue Canada for these purposes).

Certain income tax benefits may also apply because of salary / wage deferral. The deferred salary / wages are exempt from taxation until the funds are released to the employee.

The maximum salary deferral period is five years. (Revenue Canada regulations stipulate that the actual period of leave must begin after a period not exceeding six years from the date on which the deferral began. A period of five years is recommended to allow for unforeseen circumstances.)

Subject to operational requirements and this program, an employee may be granted SFDL for periods from 6 to 12 consecutive months in duration.

Eligibility

All full-time continuing employees are eligible to apply for SFDL.

Process

- Employees meet with their HR Advisor to discuss the SFDL Program and the impact on benefits.
- Employees complete an application for SFDL and forward completed application to their manager for his/her consideration.
- The manager reviews the SFDL application in a timely manner and approves participation, subject to operational requirements.
- The manager informs the employee and, if approved, forwards the application to the HR Advisor who forwards the application to the Program Champion.

The approved SFDL application must be received by the Program Champion for processing at least four months before the actual salary deferral begins.

Impact

- Withdrawal from the SFDL Program is not allowed except in extreme circumstances, e.g. personal financial hardship, layoff. Employees should be aware that there could be significant tax implications.
- Should an employee die before the leave begins, or while on leave, the funds shall be released to the designated beneficiary or estate.
- During the deferral period, all regular deductions will continue (except for income tax and Canada and Quebec Pension Plans) on the portion of the salary deferred.
- When the funds are released to the employee, a deduction will be made at source for income tax and other statutory payments.
- All amounts held for the employee's benefit in the trust account, must be paid to the employee no later than the end of the first taxation year that begins after the end of the deferral period. The employee arranges the manner of payment directly with the financial institution, without further Company involvement.
- In accordance with Income Tax regulations, the employee must make a commitment to return to his/her regular employment for not less than the period of leave granted.

Dear Ms. Doherty-Delorme,

Re: Language Change from Atomic Energy of Canada Limited (AECL) to Canadian Nuclear Laboratories Limited (CNL)

The collective agreement with CRPEG makes reference to “the Company”. The Company, previously called AECL, formed a wholly-owned subsidiary named CNL, which was made operational on 2014 November 3 through an internal reorganization to CNL of in addition to other employees, all employees represented by CRPEG. In the collective agreement between the parties, successor rights are respected, and the term “the Company” will refer to AECL prior to 2014 November 3, and to CNL from 2014 November 3 onwards.

1. Introduction

In the interests of good communication, this document was prepared by a CNL-CRPEG³ team to provide specific information to both management and employees with regard to the *career progression* compensation system. The salary administration guidelines contained herein apply to employees on the CSE⁴ salary scale.

This document describes the salary administration process in clear and simple terms so that it can be understood and seen as a fair, open, and equitable process.

For employees covered under the CNL-CRPEG Collective Agreement, the collective agreement takes precedence over this document where and to the extent that they may conflict.

1.1 Background

When the SE scale (the predecessor to the CSE scale) was introduced in August 1987, a key design consideration was to match the Research Division's engineering and scientific salary grades with the levels defined by the Association of Professional Engineers of Ontario (PEO). To accomplish this, the previous G 4 and G 5 salary ranges were merged to form the SE 4 salary range.

The CSE scale was introduced to identify the "certified," (i.e., Unionized) scientists and engineers from the non-certified group.

2. Company Principles

For many years, CNL's compensation programs have operated under four main principles as briefly described below. As of January 1996, these principles are under review by the CNL Board of Directors and Executive and may be subject to revision or change. The Company's four operating principles and their meaning follow:

2.1 External Comparability

The prime guiding principle is that CNL's compensation systems will be externally competitive so that the Company is able to attract and retain the necessary qualified people. Competitive is defined as within 3% of the relevant labour market, that is, where the Company recruits similar skills from and where employees who terminate go. For

³ Chalk River Professional Employees Group

⁴ Certified Scientists and Engineers

the CSE compensation system this was reflected by the comparison of the CSE 4 salary with the salary paid to level D engineers as reported by PEO.

2.2 Internal Equity

Internal equity means treating all employees fairly. CNL, which operates several different compensation systems, complies with the Section 11 of the Canadian Human Rights Act by ensuring that jobs in one compensation system are paid consistently with similar jobs under another of the Company's compensation systems, especially if the jobs are male or female dominated. Value is determined by measuring the level of skill, effort, responsibility required by the job and the working conditions under which the job is performed. CNL's job evaluation system is the tool used to compare values across the different compensation systems.

2.3 Productivity / Performance Enhancement

CNL believes that its compensation systems should be structured in such a way as to encourage increased productivity or increased performance on the part of employees. The Company endeavours to make its compensation program more responsive to individual and team performance. For this reason, changes to the compensation system that do not return increases in productivity / performance are not likely to be endorsed by the Company.

2.4 Affordability

While CNL's compensation systems will be designed around the first three principles, from time to time financial limitations may restrict the Company's ability to make changes consistent with the first three principles. However, the Company would not, by this, jeopardize its long-term level of competitiveness and its ability to attract and retain needed people. It is also recognized by the Company that Federal Government programs may impact on its ability to design or manage its compensation program in a manner consistent with the first three principles.

3. Career Progression System

The principle inherent in career progression is that as scientists and engineers gain experience and increase their competence, they become more valuable to the company. This experience may take the form of increased depth of knowledge in a particular field or increased breadth of expertise across several fields. The increased value of an employee is recognized in two ways: by an in-range progression salary increase and/or by a promotional salary increase to the next higher salary range if consistent with the level descriptors (discussed in Section 5). Section 3 describes the structure of the CSE salary ranges, the level descriptors and the performance

management process. Section 4 and Section 5 describe in more detail the mechanics of the in-range salary increase and promotions.

3.1 Salary Range Structure

The CSE salary scale consists of six salary ranges ranging from CSE 1 through to CSE 6. Each range consists of a maximum and a minimum. For ranges CSE 1 to CSE 3, the minimum of the range is set at 80% of the maximum which is the salary attainable by the majority of employees who are promoted to the range. Ranges CSE 4–6 contain a *control salary* that represents the “job rate” or the attainable salary for a number of years of fully competent performance. For these ranges, the minimum is set at approximately 80% of the control salary and the maximum is set at approximately 10% above the control salary. The portion of the range above the control salary is only attainable with continuous performance beyond “fully meets requirements”.

The range maxima from CSE 1 to CSE 3 are set approximately 15% apart and the CSE 4 control salary is approximately 15% above the CSE 3 maximum. The control salaries of ranges CSE 4 to CSE 6 are set approximately 11% apart. This range structure results in some overlap of the ranges, which facilitates earlier promotion, if warranted.

From time to time, the salary ranges are adjusted to keep them competitive with the market for similar jobs. This adjustment, where it applies relatively equally to all salary ranges, is called a *scale adjustment* because the CSE set of ranges comprise the *scale*. Sometimes, however, in response to market pressures, the individual salary ranges are adjusted by different amounts and these individual amounts are referred to as *range adjustments*. In making all adjustments, it is customary to round all salary ranges and salaries within them to the nearest \$100.

3.2 Level Descriptors

The Association of Professional Engineers of Ontario publishes a set of *level descriptors* that describe six levels of engineering work. These level descriptors are well accepted throughout Canada by engineers and employers of engineers. CNL has taken these level descriptors, adapted them for more specific applicability to CNL and created a parallel set for scientific jobs. These CNL-specific level descriptors are provided in Appendix A.

CNL’s CSE salary ranges are intended to directly parallel the PEO level descriptors as follows:

CNL	PEO Level
CSE 1	A
CSE 2	B
CSE 3	C
CSE 4	D
CSE 5	E
CSE 6	F

It is the intention of CNL that employees would be paid in the CSE salary range that corresponds to their ongoing contribution and value to CNL.

The Professional Engineers of Ontario define level C as the level for fully qualified engineers, the journeyman level so to speak. Level D is defined as the first level of full specialization or the first level of direct and sustained supervision. CNL defines the CSE 4 range as the working level for those employees who become scientific or engineering specialists in one particular field or a section head.

3.3 Performance Management

Progression through the CSE salary ranges and promotion depend on demonstrating the appropriate performance and competencies. The annual performance review provides a measure of performance and an assessment of the employee's career development and progress. While performance is measured against expectations reflected in the goals and objectives established at the beginning of the review period, there also needs to be an assessment of these expectations and what the employee has delivered against the level descriptors.

In short, if expectations and performance are consistent with the level descriptor for the employee's salary range then any merit allocated to the employee in the annual salary review should be consistent with the Performance Pay Grid (in SAM 4.03 and the CRPEG collective agreement). However, if expectations and performance are consistent with the next higher level descriptor, then the employee should be progressing rapidly toward the next higher level. When this level of performance is sustained and expected to continue, then the employee should be considered for promotion to that higher level. For the CSE 4 to 6 salary grades, an employee's performance may exceed requirements with respect to the established goals and

objects but a promotion may still not be warranted. This can occur because performance is not consistent with the next higher-level descriptor. For this reason, the employee's salary can progress above the control salary.

The measurement of performance and competencies are often somewhat subjective. They are made more objective when clear performance objectives are established in advance along with weighting of the objectives and the use of criteria to assess when the performance exceeds requirements or is outstanding. Competencies necessary for good performance range from core technical competencies to softer competencies such as leadership and communication skills. Generally, the softer competencies become increasingly important as one advances in their career, while not taking anything away from the required technical competencies.

CNL currently employs a five level rating system as follows:

- 1: Unsatisfactory – clearly not meeting key objectives
- 2: Meets Most Requirements – substantially meets key objectives but is missing other objectives
- 3: Fully Meets Requirements – meets all key objectives and meets other objectives and/or exceeds on some key objectives
- 4: Exceeds Requirements – exceeds on many key objectives and meets a number of other objectives
- 5: Outstanding – clearly exceeds on all key objectives and meets and/or exceeds on a number of other objectives

4. In-Range Salary Progression

4.1 Merit / Progression Increases

Merit pay results in an employee's salary progressing through a given salary range. When an employee's contribution and performance is consistent with the relevant level descriptor, their salary can advance through a merit increase up to the top of their salary range. The size of the increase is determined using a Performance Pay Grid which provides guideline increases for each performance level and salary grade. The Performance Pay Grid is available in the SAM as well as in the collective agreement.

In the unusual situation where an employee's performance is more consistent with a lower level descriptor, no merit or progressional increase would be awarded.

The budget for each salary review is based on the statistical distribution of performance for the general population as specified in the Collective Agreement and on the rate of progression through the ranges necessary to maintain competitive salaries.

5. Promotion Process

Promotions move an employee from one salary range to a higher one. Although the merit and promotion processes are separate concepts, they are applied coincidentally and both result from the annual performance review process. Consistent with the level descriptors, it is expected that employees who become scientific or engineering specialists or section heads will achieve the CSE 4 range. However, for some individuals, the performance of recent years may not justify promotion to this level or, in some cases, the employee may reach the limits of their career advancement at a lower level.

As the salary grades increase, standards become higher and, consequently, promotions are subject to increased scrutiny. For this reason, the promotion process is divided into two streams depending on the level to which the promotion is being made.

Promotions can occur from any point in the salary range. The employee's salary does not have to be at or near the top of the salary range. When an employee is promoted, the employee shall receive, as a minimum, the appropriate promotional increase as specified in company guidelines or the collective agreement.

5.1 Promotions to CSE 2, 3 & 4

Progression through the CSE 1–3 ranges is considered normal progression for a scientist or engineer. Subject to performance and typical career development, scientists and engineers should expect to progress at varying rates through the first three ranges. Promotion to CSE 4, while also an expectation, is subject to more scrutiny to ensure that the employee is contributing at the level described in the CSE 4 level descriptor.

Promotions to the CSE 2, 3, & 4 range are administrated at the Branch & Division level and possibly the General Manager level.

5.2 Promotions to CSE 5 & 6

Promotions to the senior staff ranges of CSE 5 & 6 reflect promotions beyond the level of average career progression and performance. Accordingly, specific *promotion criteria* have been established. In addition, to ensure fair, open, and equitable reviews of promotion recommendations by CNL senior management, a formal promotion process has been established. Promotions to these levels require the approval of a company-wide committee to ensure consistency in the application of the criteria and standards.

In addition to the level descriptors and promotion criteria, the promotion candidate is compared to peers in the level to which the candidate is being considered for promotion.

The formal promotion process, outlined below and depicted in Figure 1, is used to assist management preparation and review of promotion cases, and it shows the employee what is required to attain the promotion.

1. Specific promotion criteria has been developed that define CNL's expectations for CSE 5 & 6 promotions. These promotion criteria expand on the level descriptors, and are available to all employees. The promotion criteria are provided in Appendix B.
2. All cases are to be prepared in a defined format. This feature aids scrutiny of individual cases, as well as assists a manager or an employee to prepare the promotion case. A sample of a promotion case is provided in Appendix C. While specifically designed for CSE 5 & 6, this may also aid managers and employees in recognizing those attributes that should be rewarded for lower level promotions.
3. Constructive feedback will be provided to the employee, should a promotion case be rejected. This feature provides the employee with specific constructive criticism as to why his/her case was rejected. Such feedback must come directly to the employee from the manager or committee that made the rejection, thereby ensuring an accurate representation of the facts. This constructive criticism affords the employee the opportunity to improve his/her attributes for a future promotion case.

Annex 5 CRPEG Performance Review Guidelines

As part of the continuous performance management expected of line-management, at the end of each fiscal year, annual performance reviews for CRPEG employees will be conducted. The intent is to demonstrate management commitment to engagement and management excellence, by taking the time to meet one-on-one with employees to provide meaningful feedback through the annual Performance Appraisal Review process.

During the year, providing regular meaningful feedback to employees on their performance helps employees achieve their goals and maximum potential. In addition, encouraging employees to use self-assessment and self-reflection is important to help them meet or exceed performance expectations.

This guide is intended to assist management and employees throughout the process of conducting performance reviews and provide other important information for reference.

1. Manager Initiates the Performance Review Process

- (a) Manager reviews current language in the CRPEG Collective Agreement.
- (b) Refer to Collective Agreement, Article 30 – Employee Performance Appraisals.
- (c) Refer to Collective Agreement, Article 32 – Promotion.
 - (i) Manager sends communication to their employees to initiate the performance appraisal process. Manager asks employees to complete self-appraisal.
 - (ii) Employee is to complete a self-appraisal and forward to their Manager.
 - (iii) It is important to seek the employee's input on their performance. The focus of this meeting is a mutual discussion on the employee's performance.
- (d) Manager provides feedback on the employee's performance, indicating the areas of performance the employee is doing well and areas for improvement. It is noted that the manager may request input from other managers / supervisors in cases where the employee worked directly / indirectly with others. Specific examples of performance indicators should be discussed and documented. If the objectives were revised at the 6-month coaching session, review the revised objectives at this meeting.

2. Manager drafts Performance Objective Setting, Monitoring & Review Form

- (a) Consider all inputs regarding the employee's overall performance by reviewing how the employee met or did not meet the objectives set out at the beginning of the review period.
- (b) If the objectives were revised at the 6-month coaching session, review the revised objectives.
- (c) Recommend an overall assessment for each employee's performance. Use "words" instead of "numbers" for the rating assigned. Using the Behavioral and Operational data collected.

Although it is specifically the responsibility of the management to assure a performance appraisal is performed and documented, management can request employees to assist in documenting a draft version. In addition, management can request supervisors to assist in the preparation of such documentation. It is noted, however, that it is solely the responsibility of the employee's manager to provide the overall performance assessment.

The five overall performance assessments are defined below including recommended actions. These shall be considered based on the expectations described in the Collective Agreement based on the employee's level over the assessment period:

- (a) **Unsatisfactory:** Corrective action is required. Employee clearly not meeting key objectives.
- (b) **Meets Most Requirements:** Areas requiring improvement are identified. Remedial actions are required to improve performance. Employer provides required support. Employee substantially meets key objectives but is missing other objectives.
- (c) **Fully Meets Requirements:** Manager and Employee discuss areas of strength and identify areas for potential development. Meets all key objectives.
- (d) **Exceeds Requirements:** Management provides required support to enable continued performance at this level. Exceeds on many key objectives and meets a number of other objectives.
- (e) **Outstanding:** Management provides required support. Clearly exceeds on all key objectives and meets and/or exceeds on a number of other objectives. Results are far in excess of requirements.

3. Review and Update Career & Professional Development (C&PD) Plans

- (a) Refer to CRPEG Collective Agreement, Article 31.
- (b) The performance appraisal process will be used to ensure that an effective planning and monitoring process for career / professional development is implemented for each employee in the bargaining unit. Each performance appraisal will include professional development objectives as agreed by management and the employee.
- (c) Managers will review and evaluate the attainment of professional development objectives as part of this review.
- (d) This activity is the mutual responsibility of management and the employee. If an employee does not actively engage / participate in the development of their C&PD plan, they should expect that their opportunities may be limited.

4. Communicate the Overall Performance Rating to the Employee

Once advised by Human Resources, the overall performance rating must be communicated to the employee. Managers may conduct a second Performance Review Meeting with the employee in order to finalize the form.

- (a) Refer to CRPEG Collective Agreement, Article 30.
- (b) The employee shall be given the opportunity to sign the final version of the performance appraisal upon its completion and to append written comments within one (1) week. The employee's signature indicates that the employee has read the form, but does not imply that he/she agrees with the assessment.

Signed Performance Appraisal forms are submitted to HR for filing in the employee's personnel file.
